October 2, 2017

Dearest Patients of Primary Pediatrics,

I am writing to you to let you know that I will be retiring at the end of October this year. It has been a long and rewarding career for me and I am grateful for the wonderful families I have grown to know, care for, admire, and learn from. I have been extraordinarily fortunate to have worked for almost 30 years at Primary Pediatrics with the most caring, competent and dedicated staff and colleagues, all of whom I consider as close to me as family.

Thank you for allowing me to be part of the growing, learning and healing process in your families. I have always considered your priorities to be my priorities. I will definitely miss seeing the magical growth and maturity that happens from newborn, to infant, to child to teen to adult that will continue to blossom in each of you. It gives me great comfort to know that everyone at Primary Pediatrics will without hesitation continue to take very good care of you.

I wish you all a future of the best of good health and will share my feelings with a quote from Dr. Seuss in saying, "Don't cry because it is over. Smile because it happened".

With sincere gratitude and much love,

A handwritten signature in black ink, appearing to read 'Ann'.
